

Spectrum Licence Certificate for spectrum licence number 262609

Certificate Issued Pursuant to Section 25(4) or 57(d) of the Radiocommunications Act 1989

I, ANTHONY DOUGLAS BROWN, Approved Radio Engineer, having regard to -

- a. the International Radio Regulations; and
- b. the ITU-R reports and recommendations; and
- c. Annex 10 to the Convention on International Civil Aviation; and
- d. the International Convention for the Safety of Life at sea; and
- e. the nature of the service proposed to be operated under the spectrum licence; and
- f. any relevant references standards issued by the Chief Executive

hereby certify that in my opinion the exercise of the rights conferred by the spectrum licence to which this certificate relates, being the spectrum licence identified by spectrum licence number 262609

- a. will not endanger the functioning of any radionavigation service; and
- b. will not endanger functioning of any service essential to the protection of life or property; and
- c. will not cause harmful interference to rights conferred by registered spectrum of radio licences; and
- d. is technically compatible with services authorised to be operated under existing spectrum licences and radio licences; and
- e. will sufficiently define the protection area and the nature and characteristics and the proposed transmissions to enable subsequent spectrum licences and radio licences to be coordinated with the exercise of the rights to which the spectrum licence relates for the purpose of avoiding harmful interference.

In regard to spectrum licences granted under Crown management rights, I have also complied with the requirements of publication PIB 39 issued by the Chief Executive.
